

# The 3<sup>rd</sup> Province Assembly

## Central East India / Nepal

This year we had the third Province Assembly as a new province. We had the assembly in two batches one was organised in Chennai from 6<sup>th</sup> to 9<sup>th</sup> July and the second was organised in Pune from 20<sup>th</sup> to 23<sup>rd</sup> July 2017. 78 sisters participated. The sisters who are studying could not attend the assembly.

Sr. Sabina the Province Leader addressed the gathering with the welcome note to this 3<sup>rd</sup> province assembly and invited the group to share what the word integration means to us at this point and a symbol. The responses were:

- Inter-connectedness, growing together,
- Honey comb, love, networking and coming together,
- Oneness, being as a whole, rainbow, tree,
- Wheel, like bread becoming one.
- Inclusiveness etc...

Sister also mentioned to the group what is the purpose of organising this Province Meet:

- ◆ To share with the sisters of the province the input sessions attended by Sr. Deanna and Mrs. Sashi on integration theory, Ecology and partnership in Sri-Lanka in the month of August 2016.
- ◆ Also to share the workshop attended by Srs. Sabina, Pushpa, Jacqueline, Resi, Taskila and lay mission partners, Mr. Sathyan and Mr. Bimol, in Philippines on Anti-Human Trafficking in the month of October 2016.
- ◆ The province concerns

In conclusion, Sr. Sabina said that we should take this seriously and make integration a part of our mission.

Sr. Deanna took over the session on integration by inviting the group to share about our hopes and expectations of the session. The responses were:

- To improve the quality of our mission
- Understanding of integration, sharing of experiences for learning
- Practical points to approach our ministry with integration
- Internalize life, community and mission-how to integrate and make it part of our life
- Without compartmentalising, how to work together in our ministries

Mrs. Sashi continued the sharing as to why the meeting was organised at the APC level, who were present and the congregational initiatives towards integration of Spirituality, justice and peace, mission development and John 13 as a friendship model community by creating five committees namely formation, risking for life, community for mission, Good Shepherd Partnership and creators of a new now (CGS). The purpose was to search a way forward in our shepherding mission.

She referred to Philip Newell's saying which was quoted by Philip Pinto Cfc: "Do we realize that growing in the awareness that we are bearers of Presence, along with a faith commitment to honour that Presence in one another and on the earth, hold the key to transformation in our World? "

In line with the congregational chapter theme, we were asked to reflect: "what do we mean when we use the word 'Integration'?" Five elements, it's a constant influence in two ways Positive and Negative and integration is a way beyond.

This session on integration, ecology and partnership ended with the formation of a spider web by linking the duppatas (Long cloth) each one carried and made a web. We Sang.....Bind us together Lord representing the integration for the mission

The session was enriching, enlightening and very informative for all of us to know more about the anti human trafficking. This session illustrated the answers from the participants, motivated and encouraged every individual to bring our hidden talents and skills in a more creative and innovative way. It also paved a platform for each of the participants to exhibit their potentials to the maximum level of their capacity.
