

Children's Day & Child Rights Week Celebrations

13th to 20th November 2020

Good Shepherd Sisters organized Children's Day and Child Rights Week Celebrations in all the four Mandals, namely Mangalagiri, Pedakakani, Thullur and Tadepalli from 13th to 20th November 2020. In these

programs a total of 916 members participated - 536 girls, 335 boys, 30 women and 15 men.

The program was mainly to focus on Children and their Rights. We

emphasized on creating awareness on the rights of girl children and their worth being a girl. We also

focused on value of the girl children and their rights for care and education. In an

era where every country is running behind economic development of their society, it is

equally important to concentrate on the rights of children who are exploited by some sections of society for domestic, economic, social and sexual benefits.

Special respect and honor was paid to our Honorable First Indian Prime Minister Jawaharlal Nehru who was commonly known as Chacha Nehru. During these days' children were able to articulate their ideas and insights

and were able to present their reflections about the program. They showed their gratitude for arranging the programs for them keeping strict COVID-19 norms. They were very happy for giving so much importance for them and especially for giving awareness to them during these special days of Child Rights Week.

They joyfully participated in cultural programs like dancing and singing, making the event enjoyable and lively. The refreshments, snacks, fruits and gifts received were an added joy for them and they are going to remember the values they learned for years to come.

Thanks a lot for all who extended a helping hand.
